

Medicine proved that  
the same cycle  
of development

Superstition, & all  
in hands of Priests  
had been now, common

Metaphysics with  
the same of disease <sup>ground</sup> all;  
fruitful nosology  
pathology & therapeutics  
Systems of Brown & Brown  
such examples -  
Empirical, always &  
in many, from  
men art -

Medicine now begin  
to be positive, by  
combining induction &  
deduction.

Era of induction  
Medicine just begun  
lacked a basis of  
physiology. — mind  
— could be chemical pathol-  
ogy — investigation, &  
acquired obscure records  
Clinical medicine, — it  
now, after 20 many ages, began  
to become a science worth of the

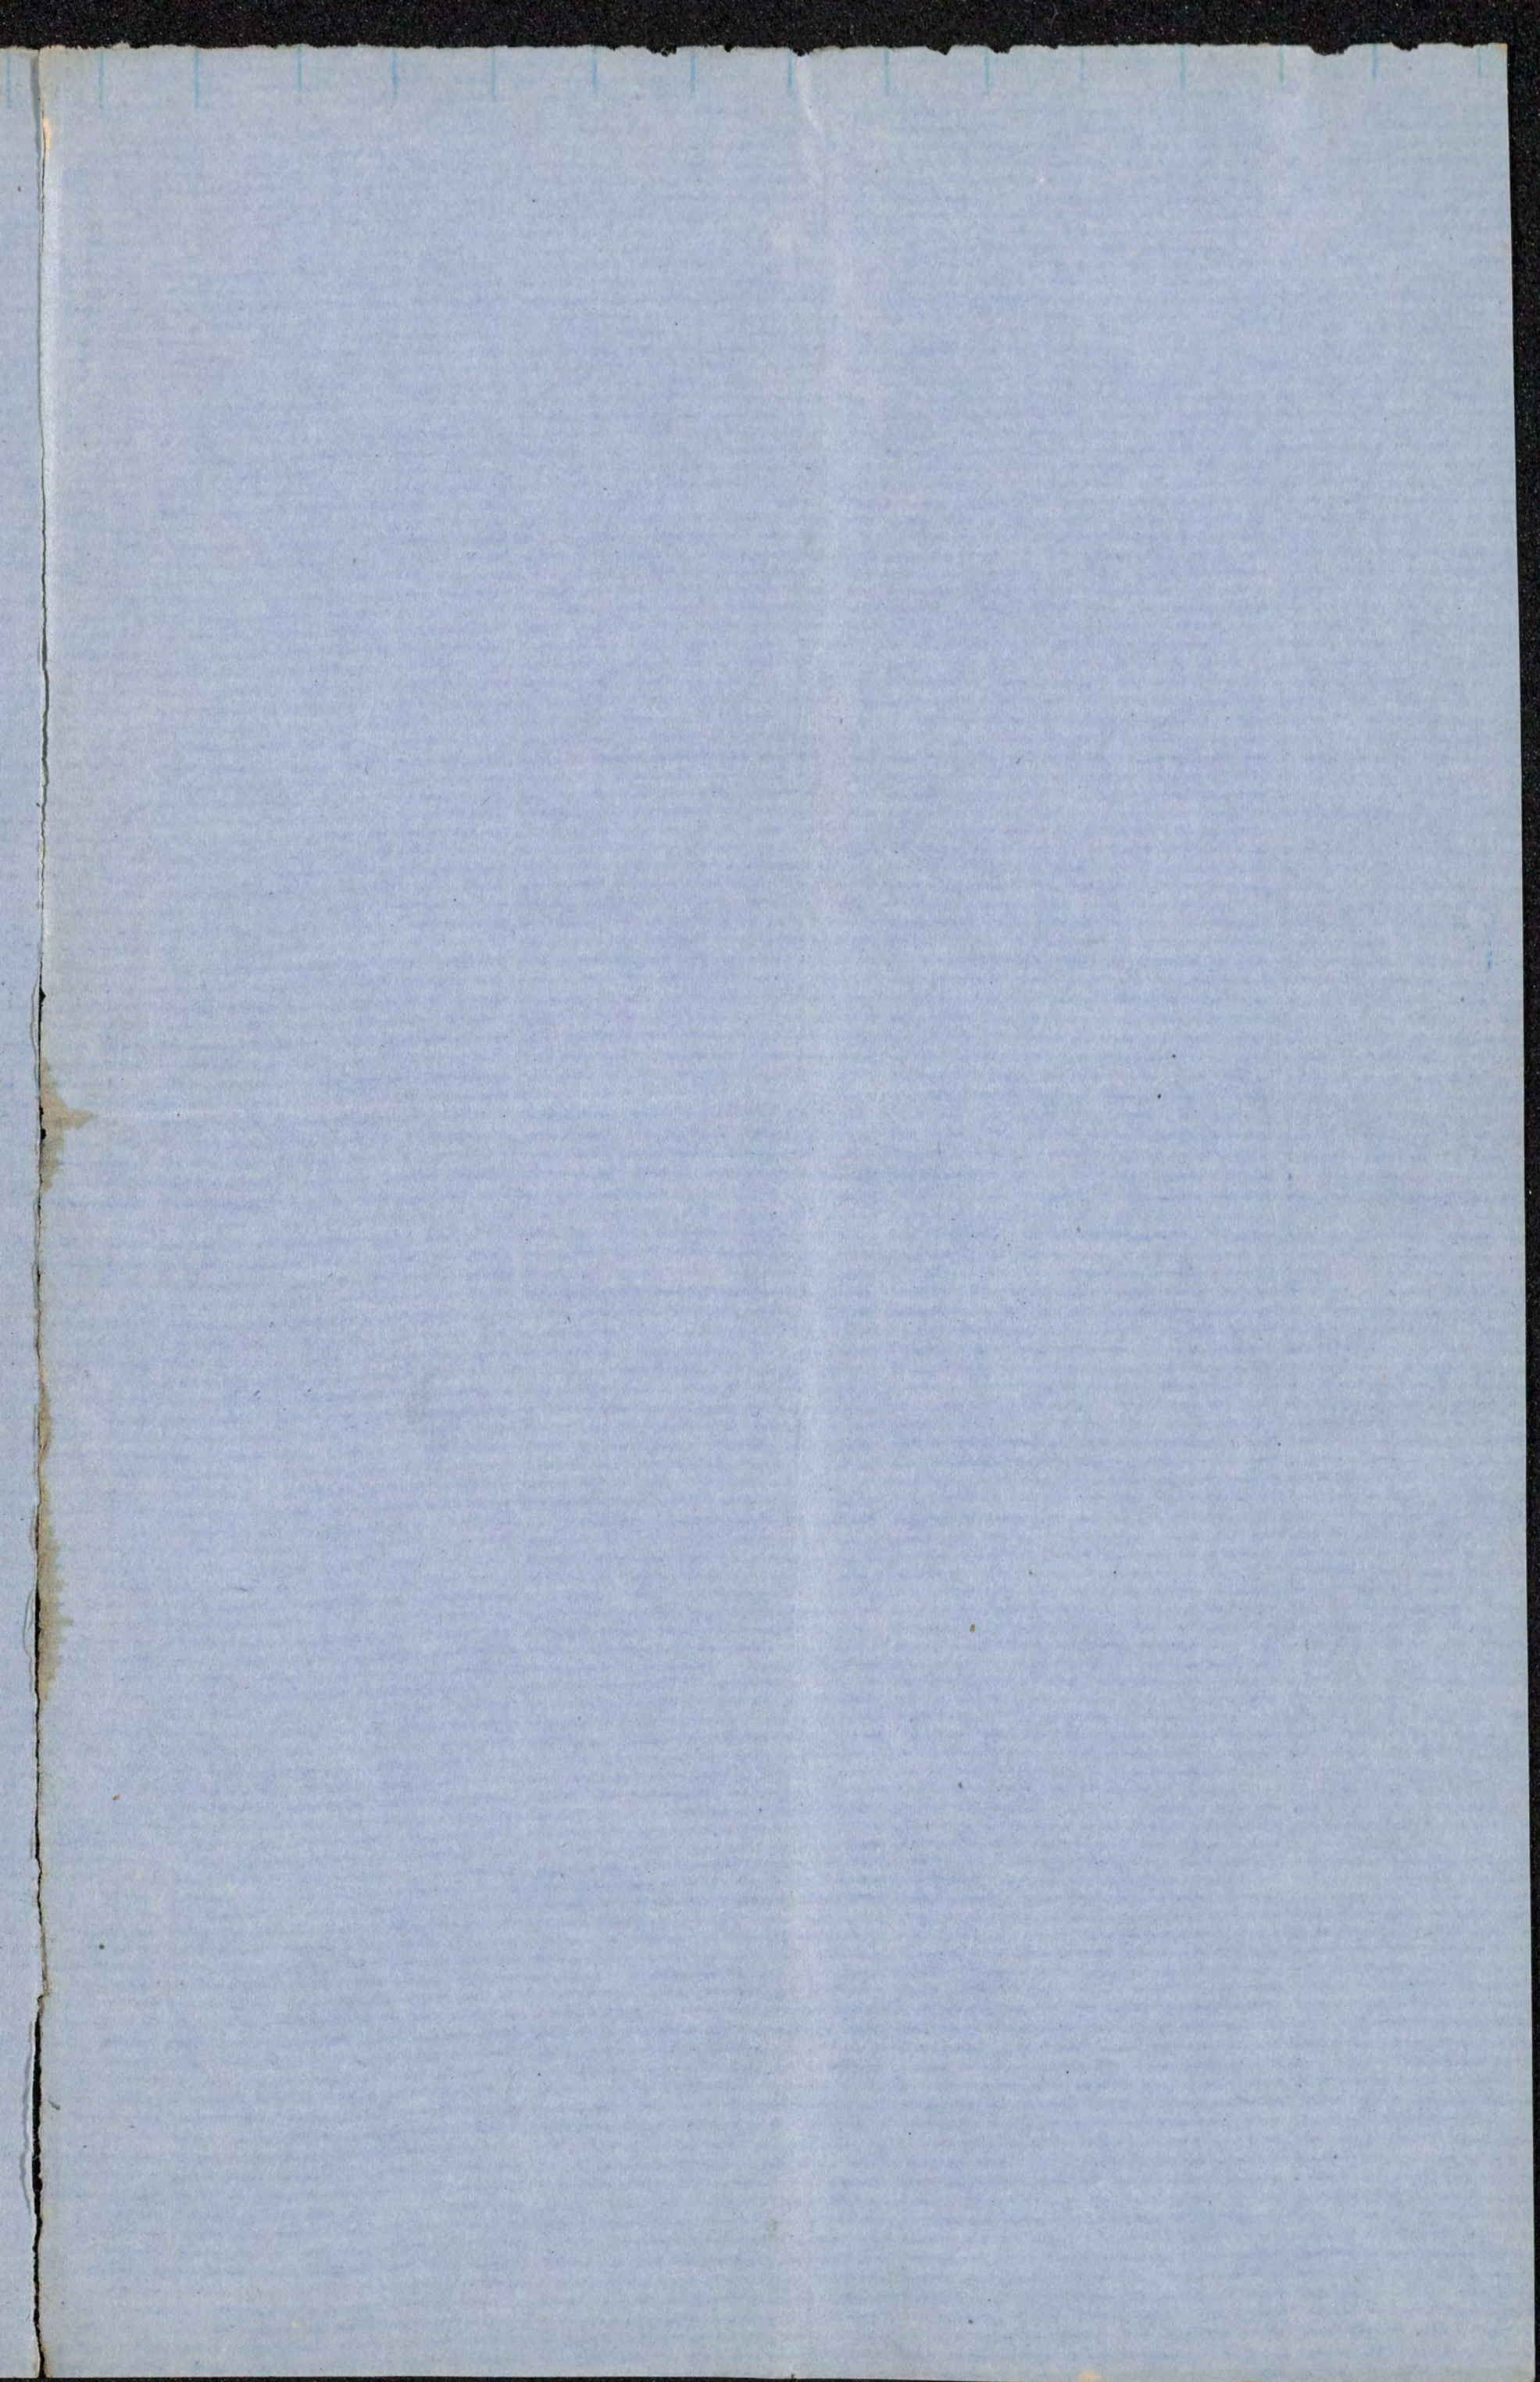

For a par with the Natural Venetian  
although, the day must be far  
Accepted when I will reach  
that <sup>ultimate</sup> perfection I wish all  
its various must long and labor  
to see it end. -

Medical end of Beckman's Lecture on  
The Progress of Science. —
